

Hello, my name is Eszter Balázs. I am an 18-year-old girl.

I have just finished the high school, I took my high-school graduation in May and June.

I would like to study tourism or communication, because I like people, I like talking and meeting other people. In my free time I like hanging out with friends, having fun, listening to music, taking pictures and I also like cooking. I am a very sweet-toothed girl, so I adore gum, chocolate and candy. I don't really do many sports, but I like dancing, doing aerobic, and running. I used to swim for 6 years and then I used to do artistic gymnastics, jazz ballet and modern dance, but now I don't have enough time, because I have to study a lot and I am getting lazy. :-)

I am studying English, and Italian.

I look forward to meet you guys! I hope that you will enjoy these 10 days in Hungary!
