

Hello, my name is Réka Blázsik. I am a 19-year-old girl. I was born in Nyíregyháza, it is a lovely small town in the east part of Hungary. Now I'm studying medicine in Budapest, at the Semmelweis University. I would like to be a pediatrician. I love chemistry; we learn mainly biochemistry at the university.

I love classic music and I love singing. I used to be a member of a choir (Cantemus) for seven years; we performed lots of concerts inland and abroad including countries such as Italy, Germany, Japan, South-Korea and Taiwan.

In my free time I usually go in for sports. I go ice-skating in winter and go for kayaking in summer. Besides I keen on reading novels, being with my friends, going to the cinema, visiting exhibitions and concerts.
