

Hi! My name is Zsófia Samodai, just call me Sophie. I have been studying Chinese and Japanese language and culture at ELTE University; I am a first year student. Although I've been learning Chinese just for a year, I'm keen on this extremely interesting language, and I'm pleased to get to know more young native speakers. Another language I speak is English for 10 years, I have got an advanced language exam. I will try to speak Chinese, but English can be another good chance to communicate.

Some things about myself:

I'm a really social person, which is advantageous because I'm living in a dormitory. ☺

I have got a lot of friends there with whom we are the participants of a club, we arrange sport events, and social activities or just cook or spend our free time together.

Music is an important part of my life, I also like listening to and playing it. I have played the harp for 7 years, and I tried some other kinds of musical instruments.

As for sports, I like doing yoga if I have time.

My new hobby is dancing, with my partner we started to go to a standard and Latin dance course, I love dancing salsa and jive. I'm interested in streetdance and hip hop dance, but I prefer just seeing it, but maybe in the future... :)

I like different kinds of arts, often go to see exhibitions of modern arts. I think that urban styles are really interesting, I like designed clothes and accessories – often just staring at them, sometimes wearing them. My hairstyle is sometimes striking, but it always keeps changing. ☺

My favorite season is summer; I love sunshine and the smells, colors and feelings of it. And I hope that you will have a pleasant time in Hungary, and will enjoy your staying... I'm trying to help with everything. ☺
