

My name is Judit. This is my third year at ELTE studying Estonian and Norwegian. I'm 21, open-minded and friendly. I'm fascinated by the variety of languages, especially Germanic and Finno-Ugric ones, so I have been trying to learn German, Dutch, Norwegian and Estonian by heart. I chose Estonian because it belongs to the same language family as Hungarian. Two years ago I took a one-month-long round trip in Estonia during the summer and I spent this past fall semester in Tartu. For two years I was also member of the ELTE folk dance group Hõissassaa. My favorite cartoons are those of Priit Pärn, especially Frank ja Wendy.
