

My name is Fruzi Erdelyi, I am 19 years old. Last year I graduated in high school, applied to the Medical University in Budapest and postponed my studies with one year. In this brake I left to India for 9 months with my older brother and his family. They are doctors, so we live in the campus of the hospital in Fatehpur (UP), I help them with their kids and also do part time work in the hospital to pick up some medical practice. Before coming to Fatehpur we spent 2 months in Mussoorie to learn some Hindi at the Language School (mostly medical conversations☺). I speak English, some Hindi and some Spanish. If I have free time I like to read, do any kind of sports, meet friends or care for children. I am very happy and enthusiastic about guiding the INDIAN TEAM and to introduce you our country!!!! I am looking forward to meeting you.
