

Hello!

My name is Dominika Vittay, I'm a 23-year-old student living in Budapest. I've been studying at the Eötvös Loránd Science University, Faculty of Japanese language and History for 4 years. I speak English and French as well.

Besides the university I'm practicing classical singing in a music school and I also learn dancing at the Madách Musical Dance School. In addition I like reading, hiking and going to film-clubs.

I'm really waiting for the Olympiad, I'm sure that it will be an unforgettable event. I wish good luck for every participant!

Dominika
