

Hello!!!

I'm Melinda Vittay, I'm 18 years old and I live with my family (two sisters, three brothers and a dog☺) in Budapest. I study at the Corvinus University Budapest International Relations, but I also take lessons at the Eötvös Loránd Science University in Korean language. I began this course last year, but I'm very interested in it, not just in the language, but the whole culture. Anyway, I speak German and English fluently.

In my free time I also dance. I have American step, musical and contemporary dance once, ballet three times a week. We do also performances in theaters once a month (mostly for children), I enjoy it very much. Besides I've played the piano for ten years, and I sing in a chorus.

I hope we will get along with each other; I'm really waiting for the Olympiad! See you then☺  
Melinda
