

Hi, my name is Ági, (Ágnes).

I was born in Budapest. I'm 19 years old and I study psychology at ELTE, (Eötvös Loránd Science University, Budapest). This is my first year.

I'm interested in history and literature, arts and in different cultures. I love travelling, and see new places, getting to know new people.

I have only been in Europe yet, but I would love to go to Asia too and I'm really interested in Arabian countries.

I like doing sports, and reading, watching movies, and socialize. I'm opened and I love surprises.

I speak English and French.

I hope we are going to have a nice time together! :)
