

Hi guys!

My name is Tamás Várnai but you can call me Tom if it suits you more. I'm twenty years old and this is my second year at Corvinus University Budapest where I am studying International Relations. I've lived in Antwerp, Belgium for two years and that's when I've learned the Dutch language which I continued doing after coming back to Hungary. Furthermore I speak English and I am studying French. And I feel I can handle the Hungarian language as well :).

Last summer I managed to visit The Netherlands and Belgium for a short month, this trip was a combination of work and vacation and it was a perfect opportunity to improve my Dutch knowledge.

As for me, I am a huge sports fan, I watch almost every available sport event on TV and of course I also like to visit such events if it's held not too far away. My next plan is to attend the soccer European Championships in Austria and Switzerland, especially Group „C” must be worth seeing with The Netherlands, France, Italy and Romania. Personally I love playing football and tennis.

Furthermore I like travelling around, hanging out with my friends and I also play with some friends online.

I like meeting people and making new friends and I think I can handle the responsibility as a guide so I am really looking forward to meeting you. I hope you will have a good time and a successful competition here in Hungary; I will do my best to make that happen. See you in July!

All the best,

Tom (Tamás)
