

Hi, my name is Mercedes Virágh. I live in the Northern part of Hungary in a small town called Vác. I am 17 years old and attend the specialized English class of Boronkay György Secondary Grammar School in Vác, where I study German as a third language. Currently I am preparing for an advanced English and an intermediate German language exam. In my free time I usually go for a walk as I am really keen on being in the nature. I also pay attention to keeping my body fit, so I go to the gym four times a week. I am fond of animals too. I have a large half-Persian cat called Bonci. I live with my parents and my sister in a detached house, but when I finished school I would like to move in with my boyfriend (he is going to be a guide too). I have other plans for the future too. I would like to go to university and study English to become a teacher or an interpreter. I love working with people in general. This is one of the reasons why I wanted to be a guide. I am a very talkative person and I make friends easily. I am fancy going to parties and dancing, listening to music. I am looking forward to this summer event, because I think it will be very exciting and a great adventure for me.
