

My name is Zsafia, I am 28 years old. I did Scandinavian studies at the University ELTE, in Budapest and graduated from contemporary Norwegian literature. During my studies I spent a year in a folk high school in Northern Norway (Soltun, Evenskjer in Nordland). Thereafter I took a 2-years master at the University of Tromso with a scholarship. At the moment working for IBM where I deal with Norway related business support. In my free time I like to be with my friends, go to the nature, visit concerts, theatre or cinema. I am looking forward to meeting the Norwegian participants and have fun all together.
