

Hi! My name is Zsuzsi, in Spanish: Susana or Susanita. I'm 24 years old and I study Hungarian and Spanish literature and grammar.

I have spent much time in Spain and the country impressed me greatly. I like the Spanish language very much, but I can speak English and French as well. Languages are my top priority in life.

I work in the Hungarian State Opera House as a guide in Spanish and I like it very much, and I teach Hungarian and Spanish to children. I hope that my future job will be connected to foreign languages.

In my free time I like going to cinema and reading novels in Spanish. I spend much time with my friends and I go swimming twice a week.
