

Hi!

My name is Borbala and I am going to be your guide during the Olympic days. I am 21 and I learn Swedish and Hungarian at the university in Budapest.

However, now I am in Malmö and working as an au pair, because I think this is a fantastic way to improve my Swedish and use it in speech. I enjoy all the possibilities of the library and read many representatives of the colourful Swedish literary life. My other way to learn more about the Swedish culture is to go to several cafés and relish the rich assortment of cakes and sandwiches. So it seems to be a perfect occasion also to get know more about the Swedish costumes and everyday life, but also about the Hungarian tallies of the said. I have never got so many questions about my country as now. I hope it helps me to be more conscious of the Hungarian values and drawbacks, which may give me the possibility to convey them better and to be a better guide also.

I am looking forward to seeing you and I am sure we will have funny days together.

See you soon!

Borbála Rácz
