

Hello!

My name is Bence. I'm 24 years old and I've been learning Turkish for over 5 years. I study Turkish language and history at Eötvös Loránd University in Budapest, Faculty of Arts. I like learning languages. Besides Turkish I also learn English, Persian and Arabic. I love your country and Turkish people. I've been to Turkey four times as a tourist and as a student also. After finishing university I'll do an application to be a PhD student in a Turkish university. I like playing music. I played the French horn for fourteen years, now I play the guitar. I also like outdoor spots such as hiking, mountaineering. I hope I can respond the hospitality that I've experienced while I was in Turkey.

Bence Sallai
